The figure consists of two parts. The left part is a map of Ecuador showing its provinces and neighboring countries (Colombia to the north, Peru to the east, and the Pacific Ocean to the west). A red circle highlights the location of the study area in the northwestern part of the country, near the border with Colombia. The right part is an aerial view from Google Earth showing the study area in Valagapungo. The map shows a residential area with a large industrial or commercial building complex. A scale bar indicates 400 meters. A compass rose is visible in the top right corner.
